To Whom It May Concern

Mr. Hadi K. El-Farr worked for around two years with me as a Research Assistant. He assisted me in class material preparation and has contributed in research papers in domains such as Marketing, Technology, Trade, and Management.

Mr. Hadi El-Farr is pro-active, hard-worker, quick learner, and a highly motivated individual. He maintained a good and professional relationship with his fellow Research Assistants, staff and other Professors in the School of Business. He is known for his originality, exceptional communication skills, high standards of ethics and precise judgment.

Mr. El- Farr passion to seek knowledge, research, and academic achievement makes him an outstanding candidate for a Ph.D. program. Based on my experience, I highly recommend Mr. Hadi El-Farr with the utmost confidence for your respectful institution.

Sincerely yours,

Nouri Beyrouti
